

FAMILY FIRST

A bi-weekly newsletter for you and your family

WELCOME TO OUR FIRST NEWSLETTER!

We hope this is the first of many to come and anticipate creating these updates bi-weekly. Please offer any feedback so we can continue to improve!

WHY WE ARE DOING THIS:

We are all experiencing new territory as the country, community, and Clifton-Fine Hospital adapt to the changing requirements created to limit the impact of the Covid 19 virus. It was a difficult, but needed, decision to prohibit visitors to our patients. We know how difficult this must be for you and want you to know we are doing our best to keep your loved ones safe and cared for.

Even though the Corona Virus has hit everywhere around us we have found time to go bowling. And we had a ball!

I might be 106 years of age but I still got it and I picked up the spare. With a little help from my friends I still got it.

Stan "the Man" showing us how it is done. And it was a Strike by the way.

Some didn't want to play however, they sure did cheer us on!
